EXPECT AID FROM AMERICA

Another Counter-Proposal Is to
Be Made by Germany
Before May 1.

Paris. Complete plans for military and economic coercion of Germany on May 1 were submitted to the allies Saturday by Premier Briand.

The plans, which were drawn up at a conference last night of Briand, President Millerand, Marshals Foch and Pétain and Minister of Liberated Regions Leclerc, included occupation of the Ruhr district and possibly industrial West Phalia.

Upon Foch's recommendations it was decided to recall the military classes of 1918 and 1919 for three months. The Marshal expressed the belief that 100,000 men were "sufficient to keep the Germans in check."

Locheur presented a customs scheme whereby France would obtain three billion marks annually from the Ruhr.

In submitting the plans to the allies for approval, Briand emphasized that France demands definite guarantees and is not disposed to listen to further German promises.

Under the terms of the treaty of Versailles, twelve billion marks is due from Germany on May 1. But the German government, with the time growing short, insists upon talking counter proposals with the United States as an intermediary.

Plan Now Move
The German embassy here confirmed a report that Berlin contemplates another reparations move next week. This proposition, it was said, is likely to include:

First, an international loan of thirty billion marks to Germany, the bulk of which would be floated in the United States.

Second, an offer to take over completely the reconstruction of devastated regions, furnishing both materials and workmen.

It was reiterated that Germany cannot pay anything before May 1. An attaché of the embassy said that the allies "can do what they choose, if they can't wait."

He said there would be no resistance if the French marched further into Germany but insisted this manner would be of no benefit to the allies.

"France won't get a ton of coal from the Ruhr district; the workmen would refuse to mine it," he said.

Look to America
German officialdom generally was said to hail the prospect of America reentering the European council chambers. Acting as an unofficial mediator, they believe the United States might be able to lead the way out of the present tangle, which otherwise "is hopeless."

"America has the mutual confidence of Germany and the allies," an attaché said.

This official hinted that Germany would throw up her hands and let the allies try to collect the reparations any way they saw fit, in case of failure of the next negotiations.

MINERS ANGRY

British Workers Refuse to Return to Mines Until After Another Meeting.

London.—Striking coal miners, deserted by their allies of the triple alliance, determined Saturday to "carry on" pending general conference of representatives of all sections next Friday.

The announcement was made by Frank Hodges, secretary of the miners' federation following a meeting of the executive council which adjourned at noon.

He said that work would not be resumed anywhere until next week's conference had decided upon a course of action.

Defection of the railway and transport workers Friday, which resulted in cancellation of the general strike order set for 10 o'clock Friday night, was regarded as a death blow for the labor extremists, not only by the public and government officials but by labor itself.

While stressing the menace of continuation of the miners' strike, the press was generally jubilant over the "shattering of the triple alliance."

Even the Herald, labor organ, declared: "It is the heaviest defeat which has befallen labor within the memory of man."

Reports from parts of the country showed that the last minute desertion of the triple alliance was received in the coal fields in various moods—stupefaction, anger, resentment and discouragement. There was said to be a growing sentiment among the miners against carrying on the fight single handed.

Despite the action of their leaders, many of the extremists of the triple alliance were openly restive and apprehensive regarding the future, in the event the miners should return to pre-war wages and working conditions. The miners reiterated their defiant warning—"it is your turn next."

Second, an offer to take over completely the reconstruction of devastated regions, furnishing both materials and workmen.

Washington.—A resolution stating that the United States views "with horror and indignation" the policy of the British government in Ireland and solemnly protesting to the world against alleged British atrocities, was introduced Saturday by Senator Norris, Nebraska, and referred to the foreign relations committee.

The resolution charged British military forces in Ireland with 14 distinct violations of the rules of civilized warfare as agreed upon at the Hague.

GOMPERS WEDS

SAMUEL GOMPERS

By United Press Leased Wire
New York.—Samuel Gompers, 71 year old president and founder of the American Federation of Labor, was married here Saturday to Mrs. Gertrude Kinsley Gompers Neuscheler, 38, artist, formerly of Zanesville, Ohio.

Gompers and his wife left New York at noon on a wedding trip to Toronto, Canada.

The marriage ceremony was performed at the hotel Woodward by Judge Robert Wagner of the New York factory inspection commission.

Washington.—The railroads are getting back to normalcy. The decision of the railroad labor board is hailed here as the first step in an adjustment between employers and employees. In some respects it is a victory for the railroads but upon careful analysis the decision is really found to be a compromise.

The so-called national agreements which now have been abrogated required the railroads to deal as a unit with their employees. In other words the management was made wiser the roads were under federal control and the government was a single employer. Since the systems have been returned to their owners, the roads have contended that each employer should be permitted to work out his own salvation with his own employees because conditions are different in each locality. Labor insisted that it was simpler to retain the national conference idea. But this the railroad board has upset and its decision also sweeps aside scores of vexatious rule regarding working hours which, it is estimated, have caused a waste of about \$300,000,000 a year.

As the situation rests now, it is incumbent upon the railroads to get into conference with their employees and adopt a set of rules to govern working conditions. The railroad labor board has not given either side a free hand, however. Those rules must conform to the sixteen principles laid down in the Chicago decision. The effect of some of those principles is such as not to destroy altogether some of the burdensome rules but even if the railroads should be able to save \$150,000,000 annually by means of new working rules, the economy will be considerable. Furthermore, the disciplinary effect of dealing directly with one's own men and regulating conditions locally is expected to be a big factor in efficiency of operation.

Preserve Standards.
The sixteen principles laid down by the railroad labor board preserve in a large sense the labor standards which the railroad employees were most apprehensive about losing if the national agreements were abrogated. Labor was not so much concerned with possible reductions in pay as the maintenance of rules which safeguarded employees against abuse by arbitrary action of unruly railroad officials. But the Chicago decision sets forth cardinal principles which must be the basis of all rules whether local or regional or national. If the parties to the dispute cannot formulate a set of rules by July 1 next the railroad labor board will hand down a set of rules binding upon both sides.

Naturally, the workmen imagine that with the abrogation of the national agreement, certain aggressive foes of union labor in the railroad world will assume an arbitrary attitude and that the strike weapon which has hitherto been used as a means of coercing a single road will be of little avail. If working conditions on the Pennsylvania system, for instance, are satisfactory and wages are fixed to the satisfaction of the men there will be little cause for sympathetic action with the employees of a southwestern railroad. The power of the railroad brotherhoods has been their right to negotiate for all the railroad employees of the country, as a unit. This has admittedly resulted in inequities and the railroad systems have insisted that since the roads came back to them, 200 employers exist instead of one federal employer, and it is desirable for each road to deal directly with its own men on all questions.

Arbitrary Railroad, Too
The arbitrary railroad executive, however, will still be subject to the rules of the railroad labor board to which an appeal can be taken if there are violations of the principles in the Chicago decision just announced. On the side of the railroads, too, some thorns will have been removed. It will be noted that the Chicago decision speaks of payment for the eight hour day on a basis of "practically continuous service." This of course doesn't relate to trainmen and engineers whose hours were fixed by the Adamson law but it does have a vital bearing on station agents and other railroad employees for whom the railroads have actually had only two or three hours work a day but have been compelled to pay a full day.

The full effect of the decision will not be immediately apparent. The specific rules have yet to be formulated by the roads and the representatives of labor. But the Chicago decision affords a basis for compromise and readjustment and the general feeling in the national capital here, particularly among those who have made a study of the railroad problem, is that the Chicago decision starts the ball rolling and that if an expeditious action can be secured on the general question of wages the railroads will slowly emerge from chaos to the efficiency which formerly characterized private operation and control.

Sixty Killed In Storms
Over Central West States

Heavy Loss of Life and Immense Property Damage in Southern States.

MANY TOWNS DESTROYED

Communication With Devastated Area Is Cut and Reports Are Meager.

By United Press Leased Wire
Hope, Ark.—Death, in the form of whirling winds which swept northwestern Texas and southwestern Kansas, claimed at least sixty dead, 200 injured and caused more than \$1,000,000 property damage and left ruin in its path.

The Arkansas towns of Dolph, Washington, Marlboro and Blevins were reported practically destroyed. A score of plantations were wiped out.

Rescue parties toiled in the ruins searching for victims and aiding the injured.

An entire family of six were reported killed on the Jones plantation near Texarkana.

Plans for help were received at Hope. All the doctors and nurses and hundreds of citizens have left for the stricken area. The storm passed within four miles of Hope.

Injured were being brought here in automobiles and other vehicles. Messengers on motorcycles were carrying supplies into the stricken territory.

Rush Aid to Sufferers
Texarkana, Tex.—Physicians, nurses, citizenry and other relief were rushed to storm stricken communities in northeastern Texas and southwestern Arkansas Saturday.

With farms laid bare, plantations raked and parts of small towns damaged, reports of deaths and injuries filtering in were meager because of havoc played with communication by the twister.

While the tornado was reported to have done serious damage only in Cass and Bowie counties, Texas, and Miller and Hempstead counties, Arkansas, high damaging windstorms were reported all over the northeastern corner of Texas and southwestern Arkansas, tearing out communication and damaging outbuildings.

The death list in the vicinity of Avinger, Texas, was increased to seven with more complete reports Saturday. The storm struck one half mile southeast of there, destroying 15 homes and doing \$250,000 damage. Damage in the four counties hardest hit will run around \$1,000,000, according to best estimates.

The storm near Avinger covered about one-half mile wide and seven miles long. It roared up from the southwest, making a clear swath.

Telephone messages from Glade-water said about twelve farm houses were destroyed near here but no one was seriously injured.

The damage southwest of the town. The most intensive damage and largest number of deaths were reported in Hempstead county, Arkansas. Thirteen are known dead there, the most of the bodies and many injured having been taken to Hope, which is sending relief into the storm area as fast as possible.

St. Louis—Full resources for disaster relief of the southwestern division of the American Red Cross with headquarters in St. Louis, have been offered the citizens of southwestern Arkansas struck by a tornado.

Experts were sent to the scene to render relief.

In The Wake Of The Storm

Arkansas: Forty-nine killed, crops leveled, homes destroyed over a wide area; property loss hundreds of thousands of dollars.

Texas: Eleven killed; four counties damaged to extent of nearly \$1,000,000.

Wisconsin: Transportation and communication lines paralyzed by nearly foot of snow and sleet, accompanied by high winds; street car and interurbans tied up; shipping on Lake Michigan endangered.

Illinois: Seventy miles an hour gale, accompanied by heavy rainfall, does heavy damage to trees, frame buildings and telegraph and railroad lines.

Missouri: Two villages hit by cyclone with slight damage.

Iowa: Heavy snowfall and sleet, accompanied by high wind, tying up traffic and damaging some property.

Colorado: Heavy snowfall, blocking railroads and tying up telegraph and telephone wires.

Idaho: Worst spring blizzard in years.

Nebraska: Heavy snowfall with wires down and railroads blocked.

Blizzards and Tornadoes Destroy Millions of Dollars Worth of Property.

HEAVY RAIN IN CHICAGO
Milwaukee Is Digging Itself Out of One of Worst Snowstorms in History.

By United Press Leased Wire
Chicago.—Sixty persons were killed and property damaged to the extent of millions of dollars in blizzards and tornadoes which covered the entire central west Saturday.

Crops were leveled, buildings destroyed, trees blown down, railroads blocked by snow and sleet and wires forced to the ground, fruit trees and early gardens damaged.

The wind storm did the most damage in the southwest, where the lives were lost. A tornado hit portions of Arkansas and northeastern Texas, leaving death and destruction in its wake. Twelve were killed in Texas and at least fifty in Arkansas.

Telephone and telegraph wires were down and reports of the extent of the damage were meager. Nurses, physicians and food supplies were rushed to the stricken areas.

The storm Saturday centered over Illinois and was sweeping toward the region of the Great Lakes. The wind reached a velocity of seventy miles an hour. H. J. Cox, in charge of the United States weather bureau, here, said it was Chicago's worst storm. The wind was accompanied by a rain which was nearly a cloudburst. The rain fell in torrents for a period of more than twelve hours.

In the northern and western states, a heavy snowfall blocked railroads. All trains that were not entirely suspended were running hours late.

Freezing storm over a large portion of the western area was forecast for tonight with additional damage to crops in prospect.

State Is Snowbound
Milwaukee.—A thirty-eight mile an hour gale was sweeping across eastern Wisconsin Saturday, blowing with it the worst April snowstorm in the history of the weather bureau here.

W. P. Stewart, forecaster, predicted the storm would continue through the day and would sweep northward, striking cities not now affected by the blizzard.

Shipping on the lakes was demoralized by the storm, and while many vessels were anchored off ports unable to enter, no loss of steamers had been reported.

Milwaukee at noon was buried under ten inches of snow, almost two inches more than the April snow record set April 22 and 23, 1910.

Street car service in the city was handicapped for the first time in several years, while interurban service to Racine and Kenosha was halted and that to north shore points and Chicago, Waukegan, Watertown and west, and north to Sheboygan was practically at a standstill.

Steam trains on some roads were not operating, though others were many hours late. Thousands of unemployed were put to work by the city cleaning streets. Business was practically at a standstill, due to inability of employers and shoppers to reach stores and factories.

Mantowoc, Fond du Lac, Neenah, Antigo and points north and northwest reported high winds but little snow. The weather bureau predicted the storm would reach those sections of the state later in the day.

Racine, Beloit and points east and south were hardest hit by the storm, which also hit Madison and points in the central and middle western section of the state. Freezing temperatures were reported from practically all of the state and it was thought the fruit crop was ruined. No reports from the northeastern section of the state had reached here, but it was feared the great cherry orchards in the vicinity of Sturgeon Bay had been ruined. The weather forecast was for freezing temperatures tonight but warmer Sunday.

Deep Snow in Madison
Madison.—Madison and southern Wisconsin were buried under several inches of snow this morning, after the heaviest snowstorm since the winter of 1910-11.

Madison street cars were stalled and electric power interrupted during the morning. The temperature hovered around the freezing point.

Minnesota Escapes
St. Paul, Minn.—Minnesota escaped the storm that swept mid-west states last night and was basking in bright sunshine Saturday while snow blanketed other areas farther south.

Aside from a chill wind that took the thermometer down near freezing, the upper Mississippi valley did not feel the effects of the snow and blow.

PASSENGER TRAIN RUNS INTO WASHOUT; FEW HURT
New Orleans, La.—Southern Railroad passenger train Number 41, known as the New Orleans-Cincinnati limited, ran into a washout a few miles from Hattiesburg, Miss., early Saturday, according to local officials of the company. Several passengers were injured, but so far as is known no one was killed.

Doctors and nurses have been rushed to the scene.

ARLINGTON HOTEL AT HORTONVILLE DAMAGED BY FIRE

Five High School Students Compete in First Annual Oratorical Contest.

Appleton Fire Company Answers Village's Call for Help to Save Hotel.

Ralph Mullenix was the first winner of the William Heiss trophy offered by the high school class of 1916 for excellent speaking in the oratorical contest in the high school Friday evening. Mullenix spoke on "Woodrow Wilson."

The event was the first of a series of annual contests to be given in honor of William Heiss who was president of the class of 1916. He lost his life during the World war.

The contestants were required to choose subjects of national and international interest because of Heiss' inclination in that direction.

Thomas Heiss, acting as presiding officer and he gave a short introductory talk pertaining to his brother.

G. E. Watson presented the tribute from the class of 1916. He gave a splendid address on quality of the friendship of William Heiss and a sketch of the man as a student and friend.

Professor P. W. Orr, Homer Benton and W. S. Ford were judges for the contest.

The following selections were given: "Woodrow Wilson" Ralph Mullenix; "Conservation of Childhood" Edna Becker; "Challenge to Americanism" Edna Becker; "International Policy" Carl Damschauer; "War and Public Opinion" Claire Ryan.

Vocal selections were given after the contest by the high school girls' glee club.

CIVIL SERVICE EXAMS SCHEDULED FOR MAY 14

Examinations for clerks and carriers for the Appleton postoffice will be conducted here May 14, according to notice received by Herman J. Franck, secretary of the local examining board. The examinations have been supplied so they require less time and are arranged so men out of school several years have a better chance to compete with recent graduates. Applications are being received by Mr. Franck.

Eight candidates for admission to Annapolis Naval academy will take examinations here April 20. The successful young men will be admitted to the academy to fill vacancies. Three days are required for the tests.

ST. PAUL, CONGO AND METHODIST TEAMS WIN

St. Paul volleyball players were credited with a three game victory in the interchurch tournament in the Y. M. C. A. because of failure of the Congregational "A" team to appear for the games.

Congregational "B" team won three straight games from Mt. Olive by the following scores: 15-4; 15-6; 15-12. The last game was fast and exciting and the result was in doubt until the very end of the match.

Methodist "A" men won two games in a match with all Saints team. The all Saints won the last game by a score of 15 to 10. They were defeated in the first two games by scores of 15-4 and 15-7.

Trains Are Delayed Because of Heavy Snowfall South of Appleton.

Arthur Koepke and Clara Dettmer in Hospital Following Auto Accident.

Appleton fortunately escaped a blizzard and heavy snowfall Friday night. The storm almost reached this city, but it spent most of its fury at Oshkosh. Fond du Lac and other south were reported to be snowed under and were experiencing genuine January weather.

The first intimation that Old Man Winter was taking a farewell blow at Wisconsin came when the north bound train, due here at 2:55 in the morning, arrived an hour and a half late. The engine and coaches were plastered with ice and snow. Trainsmen said a heavy blizzard was in progress south but that there was little snow north of Oshkosh.

A high wind was blowing all night in the city. There were fears of serious consequences if a fire should break out, but the department was prepared for any emergency. A help call from Hortonville when the citizens feared the Arlington hotel fire would spread brought a quick response and one hose company speeded there to lend what relief it could.

Rural mail carriers are reminded of one of the worst snowstorms in history April 15, 1904, seventeen years ago Friday. Only one carrier was able to deliver mail on any portion of his route. The others were obliged to give up entirely because of drifts that were as high as the tops of their rigs. One or two ventured out, but had to be shovelled out before they proceeded very far.

Medical attention was given and the victims made comfortable until morning, when they were removed to St. Elizabeth hospital.

Mr. Koepke's version of the accident was that he and Miss Dettmer were returning home from a party which they attended earlier in the evening. He intended to put on the foot brake to slow down as the automobile approached the culvert, but he stepped on the "gas" instead of the brake. The car plunged forward, crashing into the concrete abutment with violent force. The front of the automobile was wrecked. Examinations conducted at the hospital revealed that Mr. Koepke suffered a fracture of the knee cap. Miss Dettmer had both knee caps injured but neither was fractured. She also had a gash on the face over her nose.

Winter was taking a farewell blow at Wisconsin came when the north bound train, due here at 2:55 in the morning, arrived an hour and a half late. The engine and coaches were plastered with ice and snow. Trainsmen said a heavy blizzard was in progress south but that there was little snow north of Oshkosh.

A high wind was blowing all night in the city. There were fears of serious consequences if a fire should break out, but the department was prepared for any emergency. A help call from Hortonville when the citizens feared the Arlington hotel fire would spread brought a quick response and one hose company speeded there to lend what relief it could.

WARNING AGAINST SCARLET PLAGUE

With an increasing prevalence of scarlet fever in Wisconsin the State Board of Health has sent warning bulletins to the health commissioners of all cities in the state, one of which was received by Dr. H. E. Ellsworth on Friday.

A well developed case of scarlet fever is readily recognized, according to the bulletin. The real danger arises from the mild cases, which are frequently not recognized as scarlet fever yet are responsible for the spread of the disease. Merely because the case is mild is no reason for regarding it lightly. The infection from such cases frequently assumes a more serious form when communicated to other persons.

That a vast majority of scarlet fever cases result from contact between the sick and the well, is also pointed out by the bulletin. It is frequently possible to discover persons who were close associates of a scarlet fever patient by the peeling of their skin, strawberry tongue, sore throat or discharging ears. The bulletin urges a greater protection against scarlet fever.

HOLSTEIN MEN TO HOLD STATE SALES

R. J. Schaefer Attends Important Meeting of Association at Fond du Lac.

R. J. Schaefer has returned from Fond du Lac, where he attended a meeting of the board of directors of the Holstein-Friesian Breeders' association of Wisconsin in the Palmer house. The main purpose of the gathering was to hear the report of the state sales committee on its progress in planning for the state Holstein sales in Milwaukee and Marshfield May 16 and 26 respectively.

L. L. Oldham was reelected secretary of the association for another year and is to conduct membership campaigns in each county association. Plans also are on foot to reorganize so as to permit of wider representation on the board of directors and executive committee by county associations. These matters will be discussed further at a banquet to be held in connection with the annual convention and sale in Milwaukee May 16 and 17. The business meeting and dinner will be held in the Republican house. "Jimmie" Reynolds of the national association and John T. Kelley, advertising man for Ringling circus are to speak.

About 70 head of pure bred Holstein cattle will be offered at the Milwaukee and Marshfield sales. Breeders will be urged to consign their best animals in spite of the adverse conditions such as high freight rates, lower markets and other disadvantages.

A committee was appointed to gather proxies from all possible members in the Wisconsin association so a large vote may be in the hands of a picked committee at the national Holstein meeting in Syracuse, N. Y., in June. Opposition will be offered where leniency is shown violators of national association testing rules.

BROWNIE, GETSCHOW'S SPANIEL, IS KILLED

"Brownie," the water spaniel owned by H. C. Getschow, was instantly killed near Mr. Getschow's home at 217 North-st. Thursday by being run over by an automobile. The animal was unusually intelligent and could do about everything but talk. At Mr. Getschow's office it always knew the exact moment he contemplated going to the bank even while he was still at his desk and came bounding to his side often arousing himself from a sound nap in another part of the office. Mr. Getschow was satisfied it was not a case of mental telepathy and set to work to discover the dog's secret. Finally it dawned on him it was the snap of the rubber band which which Mr. Getschow placed around the documents he intended to take to the bank that aroused the dog. He often experimented with the band afterwards and it never failed to bring the animal to his side ready for the trip.

PRESBYTERIANS TO HEAR NOTED SPEAKER SUNDAY

INVITE U. S. TO HELP FIX AUSTRIAN BOUNDARY

Paris—The United States has been formally invited to join a conference of allied or settlement of Austrian boundary lines, the French foreign office announced Wednesday.

The conference will be held April 30 at Porto Rosa, Italy. It was arranged by Italy to dispose of all unsettled questions in Austrian and Italian territory. The meeting is regarded as of minor importance and the invitation to America as a feeble attempt to test her willingness to participate again in European affairs.

A FREE BOOKLET ON THE CARE OF FOOD IN THE HOME

Every woman should know all about the care of food in the home. She should know how to guard against damage from flies, dust, mold and everything else that will taint what the family eats.

If a woman is not wise and vigilant in these matters she not only risks her own health, but that of all whom she serves.

Now comes Uncle Sam to help out in this important matter. A free booklet is waiting for every woman who will send for it—a booklet which gives the results of careful scientific study on the safe way to keep all kinds of food. It has many illustrations.

Send for a copy and see the name of some other woman who may not see this offer.

LOAN ASSOCIATION DOUBLES STRENGTH

Loans Aggregating \$8,000 Are Approved at Monthly Meeting of Society.

With the deposits for the first quarter of 1921 showing an increase of 100 per cent over the first quarter of 1920 the Appleton Building and Loan association was able to approve \$8,000 worth of loans at the meeting of the board of directors Thursday evening, and referred another \$12,000 to the appraisal committee for investigation.

This remarkable growth is considered encouraging, because it means that a movement is slowly but surely on foot to provide more homes for Appleton to overcome the shortage. Continued rapid growth is expected because of the interest rate and security offered.

A publicity week is under contemplation by the publicity committee, which presented its report. The date has not been set and the plans are not complete, but definite and detailed announcement is expected at the May meeting.

George H. Beckley, secretary of the association, was elected a delegate to the convention of the state association of building and loan organizations April 31 in Madison.

CHEESE FACTORIES GET MORE PATRONS

Many Idle Factories Have Resumed Operations Lately, Culbertson Says.

Former Senator H. M. Culbertson of Medina, who was elected a member of the county board at the recent election, said while in Appleton Friday that he was not a candidate for the honors bestowed upon him and that his name was placed upon the ticket without his knowledge.

Questioned about the dairy situation in the county he said quite a

McCombe-Clase Meetings Open at Lawrence Chapel, Sunday, 2:30, 6:30 and 7:30 P. M. The Public Invited.

number of farmers had withdrawn their patronage from condensaries and were now taking their milk to cheese factories whose terms were more favorable. Several cheese factories that have been idle for the last season or two now are in operation.

Mr. Culbertson says there is not a shortage of farm help this season even at a reduction in wages. Experienced men are paid all the way from \$40 to \$50 per month and those who need help depend on neighbor's boys. The majority of those in search for employment are inexperienced and demand war time wages.

"Most of the seeding is done," said Mr. Culbertson. "Very little wheat was sown because of the low price, but the acreage of oats and barley will be about the same as previous years. A large acreage of cabbage and potatoes is predicted in spite of present low prices. Large quantities of sugar beets will also be raised."

Ship Fertilizer
Outagamie county farmers will use the first peat fertilizer produced by the Appleton Peat Products company at its plant in Center swamp. A carload has been prepared and sacked, and is being shipped to Seymour, where it will be distributed to a number who have placed orders.

BEGIN PLANS FOR MAY DAY FESTIVAL

Plans were made for the annual May day at Lawrence college Thursday afternoon at a meeting of Tau Kappa fraternity. A holiday has been granted for May 20 and plans have been completed for activities to continue throughout the entire day.

Festivities will commence with a parade and demonstration headed by a band. A basket lunch will be served at noon on the campus which will be followed by the feature of the day—the crowning of the May queen—with the accompanying pageant and dances.

Contrary to precedent the May play will be given before May day and a minstrel show will be staged in the evening of May day. John Witterling of Wausau, was elected marshal of the day.

The following committee has been selected to assist Miss Anita Goch-nauer in preparing for the event: Edwin Johnson, Milwaukee; Mathilde Harriman, Margaret Luce, John Vincent, Letha Damburch, Appleton; Cecylia Jacoby, Janesville; Allen Rice, Detroit, Mich.; James Deming, Chicago and Winifred Harvey, Manitowoc.

May Day always has been one of the big social events of the college year and advance preparations indicate this year will surpass them all.

DR. HALL TO DISCUSS PROBLEMS OF YOUTH

Dr. Winfield Scott Hall, medical teacher, writer and lecturer will deliver lectures at Lawrence college Sunday and next week. He will address the coeds of the institution at 4 o'clock Sunday afternoon in Russell Sage parlors on "Ideal Womanhood."

He will deliver a lecture on "The Young Man's Problem" at 6:30 Sunday evening in Brokaw hall before college men. Monday morning in chapel he will speak on "The Psychology of Youth and Its Relation to Social Development."

MY FIRST JOB

ARTHUR J. INGOLD Merchant

In 1875 I went to Port Elizabeth, Algoa Bay, South Africa, to serve an apprenticeship of four years in the firm of Savage and Hill, general wholesale merchants. It was a big firm and it supplied all the outlying posts of Africa with groceries, dry goods and practically everything needed to keep the people alive. It was just at the time when the rush to the diamond fields was at its height.

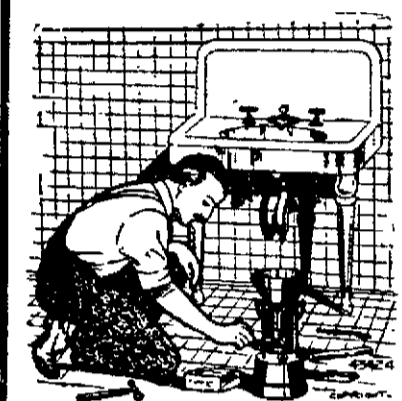

My salary for the first year was 35 pounds, which is equivalent to \$3.25 a week in American money. At the start of each succeeding year I was given a raise of \$1.50 per week so that by the fourth year I was receiving a salary of \$7.75 a week.

CONWAY AND HAWES NOW OWN THEATER

Conway Purchases Interests of All Stockholders Except Mayor Hawes.

John Conway has closed a deal by which he came into possession of the stock in the Appleton theatre formerly owned by C. F. Pfister of Milwaukee. Mrs. Lamar Olmstead, C. B. Price and J. J. Sherman of Appleton. The only other stockholder in the theatre at present is Mayor J. Hawes.

Mr. Conway said Saturday there would be no change in the policy of the theatre. Vaudeville will continue to be given except a short period during the summer when the building will be closed for a thorough renovation. The business depression has not affected the theatre to any noticeable extent and Mr. Conway does not expect there will be any great falling off in attendance. The theatre was built in 1900 and 1901 and has always enjoyed a liberal patronage.

Washing Blankets

The secret of light, fluffy blankets lies in the bit of soap suds that is added to the rinsing water. The first water in which blankets are washed should be about blood heat and the suds should be heavy and thick. The more suds the blankets the stronger the suds.

The second water should be the same temperature but the amount of soap should be reduced. The third water is the same temperature with even less soap. The soap is not rubbed on the blankets but dissolved and added to the water.

MEAN FOR TOMORROW—**BREAKFAST**—Stewed dried peaches, eggs poached in milk on toast, coffee. **LUNCHEON**—Toasted vegetable sandwich, baked custard, tea. **DINNER**—Sterling meat pie, fried parsnips, lettuce salad, date pudding, coffee.

My Own Recipes. Since the meat course in the dinner menu is not heavy the dessert must make up for it. The meat pie is nourishing and has great food value. It does not, however, contain sufficient calories to warrant a light dessert of no food value.

Eggs Poached in Milk. Four eggs, 1 tablespoon butter, 1 1/2 cups milk, 1/2 teaspoon salt, 1/2 teaspoon pepper. Melt butter in shallow pan. Add milk and bring to the boiling point. Break eggs into the hot milk, being careful not to break yolks of eggs. Season with salt and pepper, cover and cook till eggs are set, keeping milk below boiling point. Serve on toast. Use milk to moisten toast.

Sterling Meat Pie. Mashed potatoes, cold meat, gravy, 1 tablespoon chili sauce, 1 egg. Line a baking dish with mashed potatoes. The potatoes should be about an inch thick. Fill the dish with cold meat cut in slices and add chili sauce. Beat egg till light. Fold in potato. There should be enough potato to cover the top of the pie with a thick top, about 2 inches thick. Bake in a moderate oven 50 minutes.

William Luckson of Minneapolis, called on Appleton friends Friday.

CHANGE DATE FOR CAMPBELL LECTURE—Iowa Priest Will Speak to Appleton Elks Wednesday Evening.

Finding it impossible to secure the Rev. Father Campbell, Cedar Rapids, Iowa, for an address Tuesday evening as previously announced, the Elks have changed the date to Wednesday evening of the coming week. This was the only date the speaker had open and the officers accepted it quickly so Appleton could be favored with his presence.

An evening with the Rev. Father Campbell is an evening of delightful entertainment, according to those who have heard him. He is to speak on the war area of Europe as it appeared before and after the war, at 8 o'clock Wednesday evening in Elk hall. Stereoscopic slides will be shown.

These views are from photographs taken by the Rev. Father Campbell during his stay in France and other countries during and after the war.

So popular is this lecture that the speaker has been asked to appear in almost all the leading Wisconsin cities. He formerly was state chaplain for the Badger Elks and therefore is gladly filling engagements wherever he is invited. He is described as an exceptional lecturer, and never failing to present a real message. The Rev. Father Campbell spoke in Menasha several days ago, and was highly recommended. Elks, their ladies and invited friends will attend. No admission is to be charged.

APPLETON BOYS HONORED AT FOND DU LAC DINNER—Herbert Voecks was selected president of the Fox River Valley Lutheran Basketball league, and Timothy Sauer, secretary-treasurer, at the championship banquet given by St. Peter Young Peoples society in St. Peter school hall, Fond du Lac, Friday evening. About a dozen Appleton basketball players and fans autographed to Fond du Lac to attend the event.

Fond du Lac was presented with the championship pennant by Mr. Voecks, who made a brief address complimenting the players on their good work. Walter Thrie roosted the banner for his team and spoke for a few moments. Addresses also were given by the Rev. Mr. Bergemann, pastor of St. Peter church, and Alex Benz, director of the Aid Association for Lutherans. William Schroeder, Fond du Lac, was elected vice president of the league.

A tournament for the coming winter is to be planned at a meeting of league officers in Appleton next fall. A social hour followed the banquet, at which games and other amusements were enjoyed.

ONE NEIGHBOR TELLS ANOTHER—Points the Way to Comfort and Health. Other Women Please Read

Moundsville, W. Va.—"I had taken doctor's medicine for nearly two years because my periods were irregular, came every two weeks, and I would suffer with bearing-down pains. A lady told me of Lydia E. Pinkham's Vegetable Compound and I took it and now I am regular every month and have no pain at all. I recommend your medicine to everyone and you may publish my testimonial, hoping that the Vegetable Compound does some other girl the good it has done me."—Mrs. GEORGE TEGARDEN, 915 Third Street, Moundsville, W. Va.

How many young girls suffer as Mrs. Tegarden did and do not know where to turn for advice or help. They often are obliged to earn their living by toiling day in and day out no matter how hard the pain they have to bear. Every girl who suffers in this way should try Lydia E. Pinkham's Vegetable Compound and if she does not get prompt relief write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., about their health.

T-Z DIVISION IS SEEKING MONEY

Plans were made for a financial stunt to raise funds for Appleton Womans club. The division will be formed into 50 groups with 3 or 4 members in each group. Each of the groups is to raise \$5 for the fund. The plan is for the different groups to entertain people out side of the division at some kind of a money making party.

All the members of the T-Z division will meet May 18 at a big party in the club rooms when each group will give a report and tell how the money was raised. A committee of five was appointed at the meeting to divide the members into the various groups.

Mrs. W. F. Winsey, Mrs. George Wettengel, Mrs. Arthur Zuehlke, Mrs. Allen Thuerer and Miss Agnes Tracy will act on the committee. A meeting was held at 3:30 Saturday afternoon in the Red Cross rooms. Cards were sent to captains of the 50 teams.

All members of Appleton Womans club who have not worked in any of the divisions will assist the T-Z division in its stunt. Names of those willing to work in the division should be given to a member of the division at once.

Gerald Koch is home from the state university at Madison for a week's vacation with his parents, Mr. and Mrs. A. J. Koch.

Adventures of the Twins

Oliver Roberts Barton

"Mr. Leo Lion And Family" The next circus animals marked on the sole of Flippety-Flap's great shoe were Mr. and Mrs. Leo Lion, address, Rocky-Cave-Under-the-Ledge-Near-the-Water-Hole-in-the-Forest, Africa.

Off went Nancy, Nick and the fairymen, brave as hunters, to see if they couldn't persuade his Royal Highness to return to the circus and bring his wife along.

"What, my friends, is more needed to make a real circus than Mr. Lion? Can't you close your eyes and hear the hollow rumble of his great red and gold wagon over paving stones and car tracks in the parade? And don't you shiver when you hear him greet the watching crowds with a thunderous 'A-hoom' as he paces back and forth in his cage? Oh, yes, it was quite necessary for the little adventures to coax Mr. Leo back.

With their magic shoes the three of them arrived at the proper address, but being cautious, they wished themselves too small to be easily seen. They didn't wish to frighten Mr. Lion in the least. Never frighten a lion, my dears! He gets very nervous. "Wh-wh-wh's that?" whispered Nancy all at once. The three stopped and listened. Funny little sounds were coming from the cave—queer little yaps and meows. Sort of kittenish and purrlish. Suddenly Flippety-Flap grinned. "Lands alive!" he exclaimed. "The stork has been around and brought Mr. and Mrs. Leo a family!" Just then they heard Mr. Lion say gruffly, "Lily, my dear, it's time the children were in bed."

Confessions of a Bride

(Copyright 1920)

THE BOOK OF MARTHA
Many Errant Men Want to Get "Home" After an Erotic Excursion.

Instinctively, I clasped my husband's hand when Katherine's low laugh reached our ears. That laugh was like rich music, soft and low, but its echo made me stiffen and left me chill.

It hurt me—I could endure that, but I could not bear to see how it hurt my husband. He shrank from its sweetness. He turned to me as if for protection from it, as if his nerves were too raw to endure the thrill of it, or as if it roused some regrettable association in his mind.

He turned to me, the wife, and I cuddled him in my arms as if he were a child, and with a careless gesture, I drew the coverlet across his head, so that his ears could not easily catch those careless happy notes.

As he hid his head upon my heart, my husband murmured, "Home, Home!"

And just so, I thought, it must be with many errant men. They want to get "home" after every erotic excursion. They are always, in the end, glad to be rid of the excitement of wandering romantically. The very fact that they must pose as heroes before each new flirt gets irksome. The flattery grows stale. And so the wife, with her exact knowledge of a man's whims and moods and break-fast habits, her patience with his weaknesses, before whom a man need

not pretend, is always, in my husband's phrase—"home!"

Some men need homes more than wives, perhaps, for the sense of home, and the need for it, which springs up in the heart of a boy, never dies out in the man. "Better homes" is doubtless the great cure for divorce.

Certainly, when Bob was sick, he needed me, his wife. He required the comfort I could provide, and the easy round of habits which I recognized. I was the place of his rest.

But even as my husband turned to me, the self in me which was the experienced wife framed another jealous doubt:

Why did Bob, still very sick, so plainly cringe before that gay contralto laugh? Could it, by any horrid chance, remind him of the lost hours which preceded his collapse?

When his strength returned, when his energy was restored, and his interest in the outside world revived, would he still shrink before that laugh as if it hurt him?

Or would he go forth to seek it, perhaps to achieve it?

I dared not think. By a mighty effort of will, I put aside the wretched thought and came back, to my best self.

I must have courage, I told myself. I must strive for the courage some one has thus described: "Courage for oneself: sympathy for others. Courage for one's destiny. Courage to bear it or break under it. But always courage to wait for it."

NEW LONDON IS IN MIDST OF A HOME BUILDING BOOM

Many New Residences Are Under Construction in Spite of Depression.

Special to Post-Crescent
New London.—The Rev. John Kaster spent Wednesday of this week in Green Bay in conference with Archbishop Rhoads, who left on the following day to take passage for Europe where he will spend some time touring Poland, Austria and Italy.

Mr. and Mrs. Elmer K. and Mrs. Lipke's mother, Mrs. Ellison Stratton went to Hancock last Monday morning to attend the funeral of a friend. Mr. and Mrs. Lipke returned on Wednesday. Mrs. Stratton remained for an extended visit at the home of her daughter, Mrs. Albert Bartell, near Wautoma.

The Rev. and Mrs. E. G. Roberts of Waukau spent Tuesday and Wednesday of this week at the home of their son, Thomas G. Roberts.

The Rev. and Mrs. Irving H. Lewis spent Tuesday at Stephentown, driving on to Appleton in the evening to attend the home concert of the Lawrence College Glee club. New London people enjoyed the concert presented by the club here under the auspices of the Congregational church several weeks ago, and those who heard the home concert at Appleton last Tuesday evening report a wonderful improvement since the beginning of the tour.

Fred W. Arndt has traded his house and lot on Dexter-st., for a farm five miles west of Tigerton, owned by Fred Zemple. Mr. Arndt will take immediate possession of his newly acquired property, while Mr. Zemple will move to New London.

Henry J. McDaniels, Jr., the six-month-old son of Mr. and Mrs. Henry J. McDaniels, of Quincy-st., is seriously ill with measles.

Theodore Krenke of Readfield was a business caller in the city on Friday. Mr. Krenke erected a modern bungalow on Law-st. last summer and is contemplating building a residence for himself and family on the adjoining lot in the near future.

Forty members of the local chapter of the Order of the Eastern Star, and several members of the Kaukauna chapter, were guests of the Appleton chapter, at a 6:30 banquet Wednesday evening. Initiatory work was exemplified after the banquet. Grand Worthy Patron and Mrs. Delbridge of Kaukauna were among the guests.

The city is installing a hydrant at the corner of Dexter and Law-sts. this week. Culverts are also being built and improvement made in turning the highway.

J. D. Ronse and the Rev. Irving H. Lewis attended Masonic lodge meeting at Manawa last Monday evening.

The Dorcas society of the Methodist church will hold its regular meeting and supper at the home of Mrs. Rosa Dawson on Evergreen-st. next Thursday afternoon, April 21. The hostesses will be Mrs. Dawson, Mrs. E. H. Vincent, Mrs. Leonard Manske, Mrs. Thomas G. Roberts and Miss Carrie Archibald.

Henry W. Spearbraker's drug store, on the South side, was broken into Wednesday night, but the burglars were evidently soon frightened away, as nothing has been missed but a camera and less than a dollar in small change.

J. E. Cristy of Wausau was a Sunday guest in the H. B. Cristy home in this city.

Miss Beth Stanley of Clintonville has spent several days of this week with New London friends.

A new refrigerator has recently been installed in the Meyer meat market.

Mr. G. A. Vandree returned on Tuesday from a several days' business trip in the east.

In spite of the universal business depression from which the country has suffered during the last few months, New London shows its progressiveness in the building and remodeling and other improvements being carried on here this spring. Elder and Frank Schoenrock have just completed their residences on adjoining lots on Quincy-st. by the application of coats of light gray and dark green stucco. The W. E. Polley home on Quincy-st. also is in the last stages of completion and nearly ready for occupancy. These three residences and the E. E. Brain home built during the winter and adjoining the Polley property are all modern and attractive in every particular and make a marked improvement in the appearance of Quincy-st. William Schimke and Ben Schmidt have started the erection of bungalows on Wyman-rd. and Lau-st., respectively.

Chris Klatt is building a house, joining his own home on Nassau-st. The new house to be occupied by his son and daughter-in-law. Henry Gneich is remodeling a two story house on Oshkosh-st. and putting it into good shape to rent. Herman Becker who recently bought the Jennings barn, has moved it several yards west to his lot on Dickinson-st. and the work of raising the roof and otherwise remodeling the building is well under way. The structure is 30 by 40 feet in dimensions and Mr. Becker plans to transform it into a modern commodious home. Fay R. Smith expects to start very soon on remodeling the house which he recently purchased on the lot south of his own home and now occupied by the Granger family. The property will then be offered for sale. Complete repairs are being made on the interior of the Theodore Knapstein residence, near the old brewery building. The home was almost entirely destroyed by fire several weeks ago, making it necessary to replace practically all of the woodwork and to refinish all of the furniture which was not completely destroyed by the flames and the water. Lyle Stinson is finishing his home just off from Wyman-rd., and William Stern moved into his recently completed residence on Dexter-st. a short time ago. Andrew Luck and

TRAINING SCHOOL CLUBS PRESENT FINE PROGRAM

Kaukauna.—Members of the Key-stone and Aurelia societies of the Outagamie County Training school gave a dramatization of "Evangeline" Friday afternoon in the assembly room of the school. The seventh and eighth grades of Park school were the guests of the training school students during the entertainment.

Miss Clara Holloran as "Evangeline" was exceptionally good in the part she took. Henry Van Stratten represented "Gabriel" and his acting also was fine.

No elaborate stage setting or costumes were attempted since the play was merely part of the regular Friday afternoon program.

Annual Straw Shoot

The seventeenth annual straw shoot of the Kaukauna Gun club will be held Sunday morning and afternoon at the gun club grounds. Shooting will begin at 10 o'clock in the morning and at 1 o'clock the prize shoot will be held. Men from several cities are expected to be present to take part in the event.

The committee on arrangements has made every effort to make the affair worth attending. There will be plenty to eat and drink during the entire "shoot."

Bowling Tournament

A head pin bowling tournament is being conducted at Hilgenberg alleys. The bowlers are taking well to head pin bowling and are entering the tourney in large numbers. The contest closes May 1. Louis Gantner is leading so far with a score of 311.

Dance Well Attended

Nearly 100 couples attended the annual Fox club informal dancing party given Friday evening in Elk hall. Music was furnished by the Valley Country club orchestra of Neenah. The hall was prettily decorated for the occasion.

Entertainers Eager

Mrs. L. E. Vandenberg entertained the Lady Eagles at her home Thursday evening. The time was spent in social entertainment after which refreshments were served.

The Bank of New London is making repairs this week in the brick wall on the east side of the building, preparatory to applying a coat of paint to the surface of the brick. Extensive repairs are being made on the Methodist church property on the corner of Smith and Spring-sts. Portions of the roofs of the church and the parsonage have been reshingled, and in the interior of the church the auditorium and the Friendly Men's room at the rear have been brightened up and made more attractive with fresh wall paper, paint and kalsomine. Plans are being prepared for a complete remodeling of the basement, which when finished will include Sunday school rooms, social rooms with adequate kitchen arrangements, and rest rooms. Frank King has added one more convenience to his splendid home on Wyman-st. in the form of a sleeping porch on the second floor. Work has been begun on the lot on South Wolf River-ave. where Charles and Louis Schmalleberg will build an up-to-date garage. Hamilton and Sons Canning Co. are erecting a 34 by 30 feet addition to their power house and will install an additional 150 H. P. boiler, making their total capacity 230 H. P. Ed Popke is also building a new residence. A new porch is being added to the home of A. D. Kitowski on North Water-st.

CITY AND COUNTY TAXES ARE ABOVE AVERAGE IN STATE

Interesting Comparisons Shown in Report of Railway Tax Commissioner.

Real estate values in Appleton rank seventh highest in the state among seven cities having a population somewhere around the twenty-thousand mark, according to a report prepared by T. A. Polley, tax commissioner of the Chicago and Northwestern Railway company, Chicago. In contrast to this, true values of personal property per capita are lower in this city than in most others.

State taxes in Outagamie county are lower than those of the neighboring counties, Brown, Calumet, Winnebago, Shawano and Waupaca. County taxes are the highest of any county in this group, but township taxes and district school taxes are about average. The total of all these taxes shows Outagamie county to be reasonably low, with an average increase since 1914. Outagamie's average tax is \$1.49 per acre, against a state average of \$6.24 cents. Some of the counties range over \$2.

Appleton's true value of real estate per capita is given as \$948. Comparing this city with six other cities having a population of approximately 20,000, this city is second highest, Janesville's average is \$1,041. Other cities in this class are Beloit with a value of \$853; Eau Claire, \$722; Fond du Lac, \$695; Manitowish, \$510 and Wausau with \$412. These figures are gained by taking the assessment total of the city as a basis and dividing by the population as compiled in the 1920 census.

True Values Lower

True values for personal property per capita tell a different story. Appleton's average is \$301 for each person. Among those that are higher of the seven cities named above are Beloit with \$364; Janesville with \$305; Manitowish, \$336; Wausau, \$391. Two cities fall below; Eau Claire has an average of \$271; Fond du Lac, \$274.

Appleton's true value of real estate is not much higher than the average for the entire state, which is reported as \$955 as compared with \$949 for this city. The personal property figure here is well below the state average of \$394, as it is only \$301.

Increase Since 1914

Taxes in Outagamie county increased 26.17 per cent since 1914, according to Mr. Polley's report. This is above the average statewide increase, which was 19.35 per cent. Brown county increased 15.78 per cent; Calumet, 27.33 per cent; Winnebago, 24.10 per cent; Shawano, 35.30 per cent and Waupaca county 18.72 per cent.

State taxes per acre vary widely in these counties, because of the different methods by which money was raised for payment of the soldier's bonus. Outagamie county paid 13.21 cents an acre for state taxes in 1920; Brown, 20.01 cents; Calumet, 58.49; Winnebago, 45.67; Shawano, 22.59; Waupaca, 28.36.

County taxes in this county were highest of any in this group, and were more than double the state average of 26.64 cents. The tax per acre was 58.53 cents here; Brown county, 47.17; Calumet, 33.28; Winnebago, 45.53; Shawano, 33.44; Waupaca, 28.72.

Township taxes place Outagamie below two others of this group, with an average per acre of 45.11 cents. The state average is 24.71 cents. Other counties paid: Brown, 50.50 cents; Calumet, 58.57; Winnebago, 41.94; Shawano, 32.19; Waupaca, 30.26.

District school taxes of 26.53 cents per acre seemed quite reasonable in comparison with other counties and with the state average of 22.08. Brown county paid 36.67 cents; Calumet, 24.37; Winnebago, 27.04; Shawano, 20.65; Waupaca, 28.41.

While this county's total general property tax of \$1.49 is not high in comparison with neighboring counties it is well above the state average of 96.24 cents. Brown county paid \$1.54 per acre; Calumet, \$1.75; Winnebago, \$1.69; Shawano, \$1.14; Waupaca, \$1.07. Outagamie county was not placed in the forefront because of its income during 1919. Mr. Polley's report shows the amount of state income tax levied against each acre in the respective counties. Outagamie's average levy was 8.75 cents which is not even up to the statewide average of 9.28 cents. Brown county averaged more than four times as much with a levy of 37.41. Calumet county was one of the lowest with 2.97. Winnebago county had 11.43. Shawano dragged near the foot of the list with 1.01 cents and Waupaca county with 1.15 cents. Three counties, Waushara, Pepin and St. Croix have levies under 1 cent.

The new House of Assembly of New Jersey has 60 members, of which only one is a Democrat, the rest being Republicans.

GIRLS PREPARING TO USE COTTAGE

Summer Home of Sports Council Will Be Scene of Wonderful Activity.

Advance registration for use of Appleton Women's club summer cottage either by individuals or groups may be made at once at the club rooms it was decided at a meeting of the sports council Wednesday evening. A number of groups of Camp Fire girls and Girl Scouts are anxious to secure the cottage but it is being reserved until the members of the recreation department have an opportunity to sign up for it. The dates preferred will be given at the time of signing so that a definite schedule may be worked out. Registration will close with the vacation house dance, May 20.

The cottage will be used by members of the recreation department

rent free and any girls who wish the privileges of the cottage may enjoy them by becoming a member of the department. The girls will supply their own food and prepare it themselves.

A house-mother will live at the cottage all summer to be a chaperone for the different groups. Members of the sports council will have a house warming and spend a weekend at the house sometime in May. A garden party will be a feature of the event. Those who can will go on Friday evening and the rest will go Saturday when the garden will be planted. The girls will go armed with cans of black automobile paint with which they will freshen the living room furniture. Stencil designs will add a festive touch to the furnishings.

Committees were appointed for the dancing party to be held April 22 in Eagle hall. The Misses Marie Ziegler, Helen and Laura Rogers will sell tickets and Regina King and Esther Ashman will collect them at the door. Mrs. Arthur Durdell, Miss Nona Gerlach and Miss Margaret Schaefer will have charge of the punch.

Plans were completed for the rummage and white elephant sale to be held May 11 in Eagle hall. A number of the women of the club have agreed to assist the girls. They will establish substitutions where packages may be left.

It was decided to purchase a pennant to be awarded to the highest individual point winner in the bowling tournament. The name of the winner will be inscribed upon the pennant.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like.

W. C. T. U. Denies Drive Against Use Of Tobacco

Contradiction of the false report carried recently in the newspapers in the United States concerning the Women's Christian Temperance union for Sunday blue laws and anti-tobacco legislation is made by the national officers at headquarters in Evanston and by the local officers.

The W. C. T. U. is launched upon a wide-spread membership campaign, seeking in ten weeks, between March 10 and May 10, to add 500,000 new members to the organization, the goal of the jubilee campaign, according to Mrs. Lucy Pardee, president of the Outagamie county union and Mrs. George Eberhardt, president of the local union.

Except for the constant endeavor to secure enforcement of the eighteenth amendment through the Volstead act, the Woman's Christian Temperance union is devoting its principal energies to forwarding the work of the

departments whose work is being carried on through the jubilee fund. They are the Americanization school in Chicago and nine Americanization centers which have been established as a part of the program, the model mother-child center in Detroit and wide-spread child welfare work which is being carried on throughout the country.

Added to this is the contribution which is being made through the department of social morality to the elimination of commercialized vice from the United States, continued teaching of the children in the public schools the scientific truth about alcohol and narcotic drugs, education of women through the department of christian citizenship in their duties as voters, and the activities which are being organized through the newly developed department of women in industry.

ADD VAUDEVILLE ACTS TO KIMBERLY PROGRAM

Sunday evening vaudeville programs will be renewed by Kimberly Dramatic club in connection with the weekly moving picture shows held in Kimberly. Acts will be given between reels.

The first act is to be given Sunday evening and is entitled "A Dutch Cocktail." It affords humor from start to finish. John Dupont will take the part of Peter Wienerwurst and Philip Midday the part of Gustave Scherckaze. It is said to be one of the funniest Dutch dialogues ever presented. These players gained popularity when they recently presented an act entitled "Schwartzbrodt and Pickelman."

"Tiddle Polo, King of the Circus," a new serial moving picture, is to start at 7:30.

TUG RYAN IS FIRST BOAT ON FOX RIVER

The first boat to pass through the locks this season was the new tug George Ryan of Fox River Navigation Co. which went down to Green Bay Thursday for its first load of coal. It was towing two new barges, Nos. 4 and 5. The tug is 75 feet in length and has the same hauling capacity as the Jane. The barges are 145 feet long.

The government boat Fox passed up the river Friday afternoon on its way to Berlin towing the barge Kaukauna loaded with coal. It was the first boat to ascend the river this spring.

The season promises to be very busy as the Fox River Navigation Co. with the aid of its additional tug and barges plans on the hauling between two and three hundred thousand tons of coal to up-river points.

Mrs. Albert Muenster, Morrison-st., is confined to her home on account of illness.

IS LOWEST BIDDERS BUT OTHERS ARE OBJECTING

Bids for five miles of concrete pavement on Dearborn road in Milwaukee county were opened Wednesday. The

Appleton Construction Co. was the lowest bidder by \$130.04 and an effort is now being made on the part of other contractors to have the bid thrown out, claiming it was not filed on time. The company does not propose to submit to any interference on the part of other bidders and will press its claim. There was only \$2,400 difference between the highest and lowest bids on a contract that involves close to \$187,000.

THESE two telegrams, one from the far East, the other from the far West, are typical of the many telegrams which are being received from every section of the country asking for immediate shipment of Buick cars and for an increase in dealers allotments.

TELEGRAM

Buick Motor Co. Flint Mich. New York N. Y. Feb. 24th 1921

We are sending complete list of orders for shipment to dealers and to New York covering 736 automobiles. Of these orders 625 are direct shipments to dealers and 111 are absolutely required in New York to take care of orders in our files, delivery of which is already pressing us. Please don't get the idea that these 111 cars for New York will add to our stock here. We will have shortage of cars on all models within the next three weeks. Our March requirements will take all the cars that we are ordering from you now and wipe out our warehouse stock as well. You still owe us 51 models on our February schedule for direct shipment to New York. These are required to take care of orders in addition to March schedule. We estimate our requirements for April will be upwards of 1000 cars.

They prove in a most conclusive manner the demand for Buick cars—a demand which is particularly gratifying now when motor car values are being scrutinized as never before and when final sales are consummated upon the basis of greater relative values and actual demonstrated worth.

Active buying, too, is stimulated by a realization of the periodical shortage of Buick cars and the desire to insure Spring deliveries by the immediate placing of orders.

LITTLE FIVE IS PLANNING DRIVE TO PURGE SPORT

Athletic Authorities Appoint Arbitrator to Clean Out Professionalism.

Steps to eliminate professionalism from college athletics were taken at a meeting of athletic directors and coaches of Little Five conference colleges in Milwaukee attended by H. D. McChesney, athletic director of Lawrence college. It was agreed that the way to stop professionalism is to stop it and drastic steps will be taken to purge colleges next season.

Coaches said there have been evidences of professionalism, especially among baseball players, for several years but violations of the rule never were so flagrant as last year. Nearly all of the schools harbored one or two men who were not averse to picking up a few dollars here and there for playing with professional teams. Charges of violation of the rules were made by one or two schools during the season but no action was taken when it was learned that the protesting schools couldn't go into court with clean hands inasmuch as some of their own men were suspected of earning an "honest dollar" occasionally.

Athletic authorities decided to let bygones be bygones and get a fresh start. Hereafter every charge of professionalism will be carefully investigated and if substantiated the guilty student will be barred from further participation in college athletics. Tom Jones, physical director at the University of Wisconsin, will be the judge of college athletics. He will pass on all charges of professionalism and violation of rules and his decision will be accepted as final. Mr. Jones was selected because he is not connected with any of the schools in the Little Five and is recognized as an authority on college athletics.

One result of this action probably will be more interest in college sports. Fans somehow lose interest in "amateur" teams when several of its members have been playing on other teams. They like to think of a college team as something above the ordinary and it is the college spirit and love for Alma Mater which has made college sports popular.

College authorities, alumni, fans and newspapers will be asked to cooperate in the movement to drive out professionalism. They will be asked to report cases of violation of the rules and prompt investigations will be made. In this way it is hoped to keep college athletics clean.

FORMER CHAMPION OF WORLD WILL BE MAT ATTRACTION

Mahmout Inherited Title When Gotch Retired From Wrestling Game.

Wrestling fans will see a world champion in action Thursday night when Yussif Mahmout, the Terrible Turk, faces George Hill in Armory G. Mahmout inherited the title from Frank Gotch when the latter retired from the game and kept it until he went to Europe to take part in the world war. He would be champion now if he had not been reported as killed during the fighting.

Mahmout made his most sensational record when he came to America ten years ago, while Gotch was champion. He threw about everybody he met and clamored for a match with the title holder. Gotch was a little careful about this match and sent his manager Emil Klank to wrestle him under an alias. Mahmout won the bout in six time and later Gotch took him on. He won two falls from the Turk after a terrific battle but was so impressed with his work that he would never tackle him again.

Later Mahmout lost to Stanislaus Zhyzsko after a terrific battle. This was a grievous disappointment to the Turk and he returned to Europe, much embittered.

Mahmout wanted to try again, however, and returned to America with a challenge to Gotch but the champion dodged the match by making him a wrestling partner. The big Turk had a wholesome respect for the Turk's prowess and when he was retired from the game he bequeathed his title to the Turk who defended it until his return to Europe.

Not many months ago Tex Rickard held a wrestling tournament in New York which resulted in a victory for Strangler Lewis, the present champion. Mahmout was not taken into consideration because it was reported that he had been killed in the fighting but his return to America puts a different complexion on the situation. The Turk is demanding a match with Lewis and probably will get it.

In the meantime he is taking on the best the country affords. George Hill is regarded as one of the cleverest men in the United States and there are a lot of wrestling fans, including Joe Coffey, Chicago impresario, who would not be surprised if the Appleton grappler would pin the Turk. It would stamp Hill as a logical contender for world championship honors.

Landis' Smile At First Game

Grimacing broadly and crushing his wide felt hat at exciting moments, Judge K. M. Landis, "czar" of big league baseball, ushered in the 1921 season as a spectator at the Cubs-Cardinals game in Chicago.

SPORT VIEWS AND NEWS

The trial of John McGraw for violating the Volstead act was scheduled to come up in New York, Wednesday but a "shortage of judges" forced a postponement of the case. This is about the "tenth time" that the Giants manager has had his hearing delayed and some of the legal lights in Gotham town are of the opinion that Muggey is a whole lot better evading the law than he is keeping New York at the top of the heap in the National league race.

It must make some of the other big league managers turn green with envy when they see Rogers Hornsby holding down an outfield position for the St. Louis Cardinals. This Son of Sam is about as nifty an inner garden as there is in the major circuits but Manager Rubeck fooled on all when he shoved the champion batsmen into the outer pasture. It's hard to do out this move but there is probably method in Ricky's madness. Maybe before the season is over Hornsby will be given a chance to either step into the pitcher's box or wear the mask and mit.

The way Appleton fans are eating up baseball returns this year indicates a healthy interest in the great national sport and a splendid support for Brandt's team. River Valley chasers in the Fox River Valley League. The cold weather is liable to put a damper on interest and attendance for a while but it will be revived when Old Sol gets on the job again.

Rube Ruth will have to step out if he wants to keep in the good graces of baseball fans. Reports from New York indicate he is too fat to cover his territory in the outfield and as a result his misplays have been costly to the Yanks. Babe is an example of too much prosperity. His homing hitting ability and resultant popularity has gone to his head and during the training season he loafed instead of working off his extra weight. The big fellow will have to shoe something in the field as well as at the bat if he wants to keep the friendship of the fans.

Jack Dunn manager of the Baltimore International league club, was found not guilty of violating the Blue Laws by playing Sunday baseball. Dunn when hauled into court demanded a jury trial and it took twelve men in the box only about five minutes to free him of the charge.

In some of the puritanical eastern towns, they have been frowning on Sabbath day ball but this decision in the Baltimore court will give a nudge to the other clubs a bit more grace.

What a difference two years makes! Where are the Redlegs of yesterday? Jake Daubert was the only old timer in the line up against Pittsburgh on Thursday. All of the other men were either recruits or castoffs from major league teams. At that Pat Moran seems to have built up a pretty good machine and Cincinnati's manager predicts that before the season ends the fans will have forgotten all about Groh, Rath, Kopf, and some of the other members of the so-called 1919 world's championship team.

The fight game surely is booming in this part of Wisconsin. The bout here drew a \$2,200 house while the same night at Wisconsin Rapids, 1,300 fans packed the opera house to see Billy Driscoll give Sammy Craden an artistic lacing. A capacity crowd watched Nuss and Quinn exchange wallops at Marinette, Friday evening. Some of the ring siders who were on the job at Appleton kept right on going and they were close to the ring at Marinette the next night. Some of these fistie fans wouldn't work for a week if there was a fight every night in some neighboring town.

NIGHT AIR LINE IS LAWSON'S PROJECT

Milwaukee Man Completing Huge Plane to Start Night Journeys May 13.

Milwaukee—The first aerial sleeper service starts May 13. It will be operated by the Lawson Air Line Co. of which Alfred W. Lawson is president.

The first Lawson air liner has been completed at the South Milwaukee factory of the Lawson company at a cost of \$100,000.

It has sleeping quarters for 33 persons in addition to capacity for 1,500 pounds of mail. It can carry a total of 6,000 pounds in addition to its own weight.

The cabin contains in addition to "Pullman" berths and shower baths, electric lights and other luxuries. Furniture is wicker.

The ship has three 400-horsepower Liberty motors, a wing spread of 117 feet, hops off in less than 1,200 feet and has a maximum speed of 120 miles an hour.

It is equipped with the largest tires in the world. Each wheel costs more than a Ford automobile.

It can make the 300 odd air miles from Milwaukee to New York between 10 p. m. and 6 p. m.

Provision is made for transferring passengers or mail in flight to a small ship flying underneath. This is done through a trap door and rope ladders.

Lawson expects to take the ship May 1 to La Crosse where it will be christened in the name of that city. He will fly the machine himself.

Lawson plans to build 10 similar ships this year.

The ships will carry government mail and will fly over these three routes.

First, New York, Harrisburg, Pittsburgh, Fort Wayne and Chicago.

Second, Pittsburgh, Columbus, Cincinnati, Indianapolis and St. Louis.

Third, New York, Washington and Atlanta.

TOO COLD TO PLAY BASEBALL SUNDAY

Cold weather put a crimp in the plan to hold the first baseball workout of the season here Sunday afternoon at Brandt park. It was announced this morning that the practice had been postponed until the weather warms up.

Changes in the ballpark are almost completed. The grandstand has been moved and a new diamond constructed. It will be packed and rolled until it is as hard as pavement.

Wood, a Menasha-product, has been signed to place on first base, it was announced. The team is gradually assuming shape and the entire squad will be ready for announcement soon, it was said.

INDIANS WIN AN EASY VICTORY OVER BROWNS

St. Louis.—Cleveland made it two in a row on Friday by defeating St. Louis 10 to 4. The champions drove Davis and Payne from the box. The locals bunched six hits with two errors in the first inning and scored four runs, but thereafter were helpless before Bagby.

PADDOCK TO SHOW HIS SKILL IN EAST

New York.—Charles Paddock will fly to the music of about every watch around Philadelphia in the sprint at the Penn races April 22.

No athlete of modern years will work under closer observation than the University of Southern California wonder when he attempts to show the east that his world's record time for the 220 on the coast recently was not the result of a lazy California watch.

If Paddock is in form at the relays, and there is every reason to believe that he is in his greatest condition, those who have never seen the sturdy young flyer will get a surprise.

Dean Cromwell, his trainer and coach of the U. S. C. track team maintains that Paddock has not reached his limit and that he will make time that may stand forever.

GIRLS TO ORGANIZE INDOOR BASEBALL TEAM

A class in indoor baseball for girls will be organized at 5 o'clock Tuesday evening in the high school gymnasium by Miss Adelaide McKee, physical director of Appleton Womens club. This class will have the time formerly taken by the basketball class.

Teams will be formed as soon as the group is well organized. The girls will practice on the gym floor until it is warm enough to play out of doors. The class is open to all the girls interested in baseball whether they have been in any of the other classes.

BRAVES WHIP DODGERS IN SLUGGING BATTLE

Boston.—In a free hitting game, interrupted by showers, Boston defeated Brooklyn, 6 to 5 in ten innings on Friday. Miltjus passed Ford with one out in the last of the tenth, forcing in Southworth with the winning run. Powell tripled twice and Nicholson, who hit safely each of the four times up on Friday, hit safely his first three times up on Friday. Score: Brooklyn 1 0 0 3 1 0 0 1 —5
Boston 1 0 0 3 1 0 0 1 —5
Batteries: Brooklyn—Smith, Mearns, Miltjus and Krueger; Boston—Scott and O'Neill.

Washington, D. C.—Erickson was effective at all stages on Friday, and Washington defeated Boston, 7 to 1. Rice and Gurney made home runs, the latter's off Fulton in the eighth with a man on base. Score: Boston 0 0 0 0 1 0 0 0 —1
Washington 1 0 0 4 0 0 0 2 —7
Batteries: Boston—Fulton, Bush and Ruel; Washington—Erickson and Gurney.

New York.—Tex Rickard Saturday denied that he had closed a lease for a tract of ground in Jersey City upon which to erect the arena for the Dempsey-Carpenter fight.

He did not deny that Jersey City had been selected, saying he probably would make the announcement the first of next week.

WHITE SOX EVEN UP WITH TIGERS

Faber, Strong in Pinches, Pitched Chicago to 3 to 2 Win Over Detroit.

Detroit.—Chicago evened the count with Detroit on Friday, winning 3 to 2. Faber was strong in the pinches and received good support. Ehmske's wildness gave Chicago one run in the first inning while the bunting of two singles and a two base hit resulted in two more in the third. A pass, two sacrifice hits and Veatch's two base hit were responsible for Detroit's first run, while a scratch hit by Cobb, an error by Collins and Heilmann's single brought the second tally. Score: Chicago 1 0 2 0 0 0 0 0 —3
Detroit 1 0 0 0 0 0 1 0 —2

Batteries: Chicago—Faber and Schalk; Detroit—Ehmske, Middleton and Bassler.
